A commentary on the theme of assured eternal salvation in 1 John that comes as a result of the person and work of Jesus Christ.

Iran, the Green Movement and the USA presents the paradox that the USA faces in dealing with Iran over its nuclear armament: negotiate, and legitimize Ahmadinejad ' s otherwise troubled presidency; resort to sanctions or military strikes, and altogether destroy the budding civil rights campaign of the Green Movement. Either way, as leading Iranian scholar Hamid Dabashi argues, the Islamic Republic will become even stronger. Featuring a short history of how the USA and Iran came to be in this confrontation, this elegantly written book provides the reader with a dynamic picture of the regional geopolitics and a purposeful guide to how to understand and deal with it.

The portrayal of clergy, saints, missionaries, monks, and other spiritual leaders dates back to the very beginnings of motion pictures and television. Over the years, filmmakers have portrayed religious figures as heroes and villains, sinners and saints, and nearly everything in between. Through their works, filmmakers have influenced how society viewed these religious figures and, by extension, religion itself. This work details over 900 films and television series made from the 1890s through 2003 in which a religious figure plays a prominent or recurring role, or in which a character poses as a religious figure. For each motion picture, full filmographic data are provided—including title, studio, running time, year of release, director, producer, writer, and cast—along with a synopsis focusing on the role of the religious figure. Television series are covered in a separate section. For each show, the entry includes the title under which the show was commonly known.

original broadcast network; the years the show ran, running time, and cast; and a brief discussion of the religious character's role in the overall series. Extensively indexed.

Ed Stetzer and Philip Nation are executive editor and general editor of The Mission of God Study Bible. This book is a companion to that study. Understand what it means to be compelled by love. The authors challenge readers to look at love within the context of God, the church, and the lives of individual believers. Compelled provides readers a basic theological grounding and a platform for personal application as they understand that missional living is all about simply the calling to love others. Look at the love of God; begin to truly understand what is at the center of the church ' s foundation, commission, and direction; but most importantly, understand your role within the mission of God as you integrate love into all aspects of your missional calling.

In 1878, George Millington donated property for the first train depot connecting Memphis to Northern markets. By 1903, the town of Millington was incorporated. World War I pilots trained at Millington's Park Field, and nearby, Chickasaw Ordnance Works and the world's largest inland navy base greatly aided World War II efforts. Educators and activists Ida B. Wells and National Education Association president Charl Williams began their careers in area schools. Many talented individuals, including musicians Justin Timberlake, Myla Smith, Bobby Whitlock, and Rev. Al Green, as well as a number of college and professional athletes, have called Millington home. Images of America: Millington, the town's first photographic history, presents people, places, and events--great and small--that have contributed to the community's success.
